COMMANDERY DINNER

MR. AND MRS. DAN CAMPBELL ENTERTAIN KNIGHTS AND LADIES OF GLENDALE

Mr. and Mrs. Daniel Campbell on Thursday evening entertained at dinner at their beautiful home, Ard Eevin in North Glendale, officers of the Glendale Commandery and their wives, the past commanders, and as special guests Sir Knight J. H. Braly and his lady. Covers were laid for twenty-six and it was a highly successful function of five courses served at a beautifully appointed table decorated with spring flowers and Easter suggestions, the favors being little baskets of candy eggs surmounted by miniature chicks. The place cards were distinct reminders of the hostess in their Irish coloring and funny verses. Covers were laid for twenty-six, viz.: Commander and Mrs. Crofton, Sir Knights and ladies John Hyde Braly, Mattison B. Jones, Clem Moore, C. L. Peckham, Oscar Von Oven, Percy Priaulx, R. V. Hogue, Frank Vesper, W. W. Worley, C. H. Ravenscroft, and Sir Robert Grumbling and Sir C. C. Rittenhouse. The absence from Glendale of other invited officers prevented their attendance.

Following the dinner the gentle-

(Continued on Page 7)

NOVEL CONSTRUCTION

The garage being erected at 107 West Harvard for L. Richbart presents some novelties of construction. It is 60 feet wide and 75 feet deep. Only one wall has to be built, as it is backed by the new Evening News building, the west wall is formed by the side of the Exide garage and the east wall by the rear of the Dodge Agency building. The roof is upheld by trusses 60 feet in length between bearings. The bottom and top pieces are made of 2x6 joists spiked two together, braced with diagonal timbers and upright steel rods. Posts will support the center of the trusses. The front is to be of brick and the floor of concrete.

NO LET-UP IN BUILDING

April started off well in the building line with five permits, totaling $9125, on the first day of the month. Mrs. Mary B. Hupp heads the list with a six-room residence and a garage at 340 North Jackson Street, to cost $4325, J. F. Stanford will build two three-room houses, one at 122 West Eulalia and the other at 471 West Doran, to cost respectively $2500 and $2000; and there are two small buildings, one a garage and the other a screen porch addition.

TAX PAYMENTS HERE

DEPUTY COUNTY TAX COLLECTORS TO BE AT CITY HALL FROM 15TH TO 19TH

At the City Hall a letter has been received from Supervisor Jonathan Dodge advising officials that arrangements have been completed to send deputy tax collectors to Glendale where they may be seen by taxpayers in the office of the City Treasurer in the City Hall for four days during the present month, beginning on the 15th of April and including Monday the 19th. If this favor is appreciated by taxpayers and the plan proves a success, it will be repeated next year. It is being tried out this year.

YELLOW AND WHITE LUNCHEON

Mrs. Stanley Collim of 448 West Colorado Street entertained with a small luncheon on Thursday at which a yellow and white color scheme was prettily worked out with California poppies and other accessories. Covers were laid for Mrs. Arthur Dibbern, Mrs. J. F. Hearnshaw, Mrs. E. Augustin, Mrs. R. D. Angelica, Mrs. Charles Sanders and the hostess. Following the luncheon a pleasant social afternoon was spent by the ladies over their needlework.

HAVE GOOD TIME BUT CATCH FEW FISH

The fishing party consisting of Dr. Young, A. L. Baird and Harry Hall, together with their wives, who went up above Fillmore Thursday in the former's car for the first fishing trip of the season report a grand trip, but few fish caught—only 34 for the crowd.

ANTONIO CARUSO SHOT

COOK AT ROSS RANCH BUNK HOUSE FATALLY WOUNDED BY FELLOW WORKMAN

Antonio Caruso, who had been acting as cook at the Ross ranch for a number of years, was shot last evening by Francisco Cardillo, another workman employed on the ranch. In his dying statement last night Caruso said he was going out to the chicken yard about 6 o'clock when Cardillo approached and accused him of talking about him. Caruso said he denied it, telling Cardillo he was innocent of any wrong toward him, but the latter persisted in his accusations, then suddenly drew a revolver and shot four times at him, two of the balls striking him, one breaking the second finger of his left hand and the other entering his left side below the heart, passing upward and clear through the body, through the pleura and above the liver, coming out under the right arm. Dr. Young was hastily summoned and took an X-ray of the wound. He was of the opinion that it would prove fatal, especially if there was internal bleeding. The patient was decidedly better this morning and there seemed to be some hope of his recovery, but he took a turn for the worse at about 9:30 and soon passed away. He had been cook at the Ross ranch for about ten years and was very quiet and inoffensive, attending strictly to his work and molesting no one. He was a nephew of Joe Pagliuso, who lives near the scene of the tragedy, on the Ross ranch. Caruso's wife and two children are in Italy.

Cardillo, the murderer, is a man of small mental capacity, Chief Lampert thinks, and he has known him for several years. He has been addicted to drink and was somewhat under the influence of liquor when he committed the crime. He too, has a wife in Italy, but no children. His Italian home was in Cosenza, as was also his victim's. He told an Evening News reporter that Antonio not only talked against him but against this country and the President. This is vehemently denied by those who knew the dead man, particularly his uncle and his brother, Carl, who was also employed on the ranch. Cardillo was confined in the city jail until the death of his victim occurred. He was then taken to the county jail in Los Angeles. His preliminary will be held here on the 13th.

The body of Caruso is at Pulliam & Kiefer's. The funeral will be held Monday, 2 p. m., in the chapel there and the body will then be interred in Forest Lawn Cemetery.

FUNERAL OF THURMAN LAWRENCE

Funeral services were held Friday for Thurman Lawrence of 347 N. Maryland Avenue, who passed away March 31st at the Sisters' Hospital in Los Angeles after an illness covering several months. He had been assistant cashier of the Pacific Mutual Life Insurance Company and was held in the highest esteem by all who knew him. Services were held in the Little Church of the Flowers with interment in Forest Lawn Memorial Park. Thurman Lawrence is survived by his widow, his father, A. M. Lawrence, and a brother, George H. Lawrence.

AMERICAN LEGION

GLENDALE POST HOLDS REGULAR SEMI-MONTHLY BUSINESS MEETING

Glendale Post of the American Legion met last evening in their hall. The meeting night was changed from Thursday night to the first and third Friday nights by the new by-laws recently adopted and this was the first meeting since then. Quite a discussion was had on the question of joining the Southern California American Legion Baseball League, and a committee was appointed to look into the matter and report at next meeting. Glendale Post has some excellent players and the boys are confident they can make a good showing in the league, should they decide to enter.

Three new members were initiated. It was unanimously voted to give $5 from the treasury toward the Jewish Relief Fund. A vote of thanks was tendered Mrs. A. B. Hunt for the gift of two beautiful and valuable pictures which now adorn the walls of the Post hall.

The report of the treasurer showed that the Post's funds are in a very satisfactory condition.

DUBLIN LIKE ARMED CAMP

BRITISH AUTHORITIES TAKE EVERY PRECAUTION TO PREVENT EASTER UPRISING

(Special Service to Glendale Evening News)

DUBLIN, April 3.—British military authorities throughout Ireland were prepared today to crush ruthlessly any attempt at an Easter uprising. Dublin resembles an armed camp. Soldiers with full martial equipment were everywhere. They jostled people on the streets but a spirit of general good nature prevailed. Sinn Fein leaders scoffed at the idea of a rebellion. They intimated the rumors had been started merely as part of the Sinn Fein plan of political agitation to embarrass the British authorities. Military authorities believe the only possibility of an outbreak is in the Cork district where feeling is said to be particularly bitter since the assassination of Thomas MacCurtain, the Lord Mayor. Serious disorders were reported in Limerick Thursday night. A party of one hundred armed men boarded a military pay train two miles from Limerick and secured $10,000 in a spectacular hold-up. At Clergh the police and soldiers attempted to arrest John Mitchell, a Sinn Feiner. Mitchell shot two of the soldiers.

MARY PICKFORD'S DIVORCE

ATTORNEY GENERAL INVESTIGATING AND MAY BRING SUIT TO SET ASIDE DECREE

(Special Service to Glendale Evening News)

CARSON CITY, Nev., April 3.—The attorney general here today continued his investigation into the divorce which Mary Pickford obtained from Owen Moore. As a result he expects to soon bring a suit on behalf of the people of Douglas county to have the decree set aside, it was learned at the attorney general's office today. Miss Pickford recently married Douglas Fairbanks in Los Angeles.

POSSIBLE RAILWAY TIE-UP

CHICAGO YARDMEN THREATEN A STRIKE UNLESS THE DEMANDS OF SWITCHMEN ARE MET

(Special Service to Glendale Evening News)

CHICAGO, April 3.—Traffic experts who are here today see the menace of a railway tie-up. Threats were made by the Chicago Yardmen's Union that 16,500 switchmen will strike if the demands of the Milwaukee Railway Switchmen are not met. Paralysis of the Chicago yards would seriously affect transportation throughout the entire country. The Milwaukee switchmen had 700 men out today.

NEW YORK FREIGHT EMBARGO

RAILROADS SHUT DOWN ON FREIGHT ENTERING OR LEAVING NEW YORK BECAUSE OF STRIKE

(Special Service to Glendale Evening News)

NEW YORK, April 3.—The railroads today placed an embargo on all except perishable freight entering and leaving New York on account of the strike of the harbor workers. The reason advanced for the walk-out by the strikers was that the Erie Railroad sold several boats to a private corporation. Under the Esch-Cummins railroad bill men working for the railroads have an eight-hour day. The sale, they declared, was merely a subterfuge to permit the ten-hour day to be established by the private corporation. The strikers number about 4000. The railroad managers explained that the embargo was put into effect to allow the cleaning up of the freight which piled up during the first day of the strike.

CIVIL WAR MEXICAN POSSIBILITY

RUMORS THAT THE STATE OF SONORA SEEKS TO SECEDE FROM CARRANZA GOVERNMENT

(Special Service to Glendale Evening News)

DOUGLAS, Ariz., April 3.—Conservative observers along the border are convinced today that another crisis which may carry civil war as a possibility, is impending in Mexico with the rich state of Sonora as its storm center. Conflicting, unverified reports which may or may not be propaganda from one side or the other, are pouring across the border. Many of these the Mexican authorities will neither confirm nor deny. The campaign of General Obregon for the presidency and charges that Carranza will not permit a fair election, are back of the trouble. A revolt by Sonora designed to make the state independent of Carranza is considered an imminent possibility.

General T. Elias Calles, former governor of Sonora, is in Agua Prieta directing the Obregon campaign in that state and in Sinaloa. It is understood that Governor De La Huerta of Sonora is siding with Calles and Obregon. Sonora is considered as strongly Obregonista. Travellers arriving from the interior before daylight today reported that troops are being mobilized along the southern border of Sonora. Many interpreted this news as tending to confirm reports that Carranza has sent General Dieguez to unseat De La Huerta as governor and seize the government of Sonora, replacing it with a military governor.

INTERESTING GUEST

MRS. R. L. M'COURT ENTERTAINS DAUGHTER OF MEXICAN CONSUL JENKINS

Mrs. R. L. McCourt recently had the pleasure of entertaining at luncheon Miss Jenkins, daughter of the Mexican consul, who was kidnaped by bandits and long held in captivity by Mexican authorities. Her entire life had been spent in Mexico until she came to Los Angeles to attend a finishing school, and she loves the Mexican country in spite of its many drawbacks. Her descriptions of the estate which constituted her home were most interesting. It is, like others of its kind, surrounded by a high wall like a stockade built for defense. This wall encloses their home, built in the Spanish style of architecture, and her father's factory where hosiery is made of cotton, of which the consul is a large producer. It is situated at an altitude of 7000 to 8000 feet and the climate she considers quite ideal. The American colony leads a pleasant, easy life there, she declares, in spite of the disturbed state of the country. She does not understand the kidnaping affair very well because her father has not written all the details of his experience, and she is longing to see him and learn more. She is hoping he will be able to come away from there by next September to take up his residence in Los Angeles, where a home is being built for him and his family. Other guests at the luncheon were Mrs. Reynolds, and the Misses Katherine and Virginia Reynolds of Hollywood.

REUNION OF OLD FRIENDS

Mrs. R. L. Holland of Arden Avenue within the week had the pleasure of entertaining at a Spanish luncheon served at La Ramada, 12 old friends who were former residents of Columbia, Mo., Mrs. Conley of Columbia and Mrs. Booth of Pasadena being guests of honor. Following the luncheon the ladies adjourned to the home of their hostess and enjoyed an afternoon of bridge. The Spanish colors were carried out in the floral decoration of the luncheon table, in favors, place cards and tally cards. Mrs. Holland and her son, Robert, will spend the week-end at Catalina.

GUESTS IN WARNER HOME

Rev. and Mrs. S. B. Warner of 429 North Kenwood have been doing considerable entertaining during the past week, their guest list including Mrs. Landrum, her daughter, Elizabeth, and her sister, Miss May Zeler, from Terre Haute, Ind.; Mr. and Mrs. Nelson from Boulder, Colo., and Mr. and Mrs. G. W. Smith from Wichita, Kansas. All of the guests have been spending the winter in Southern California and will soon leave for their homes. All are delighted with this country and considering the possibility of returning to make their permanent homes here. Mr. and Mrs. Warner now have as house guests Mrs. Warner's sister and brother-in-law, Mr. and Mrs. D. M. Ferguson, who have sold their apartment house in Los Angeles and will spend the summer in their cottage at Big Bear. As soon as the snow melts sufficiently to enable them to get there they will leave for the mountains.

U. AND I. CLUB

The U. and I. Club met Wednesday at the home of Mrs. Roy Horning of Mira Loma Avenue, who was assisted by Mrs. Edgar Fry. About ten members were present and a pleasant social afternoon was spent by the ladies over their needlework. Dainty refreshments were served at the close of the afternoon.

MOTORIST BREAKS LAMP POST IN AVOIDING BICYCLIST

Paul Hall of 1232 Mariposa Avenue reported to the police that yesterday as he was riding his bicycle south on the east side of Brand near Laurel he was met by Adam H. Daum of Los Angeles, who was driving north in his machine. Paul said the steering head of his bicycle stuck and he could not turn out to avoid the machine, so Mr. Daum, to keep from striking him, swerved his car sharply to the right and struck the curb, also a lamp post, breaking the post in two and shattering the globe. The front axle of the machine was broken and the headlights damaged.

WEATHER FORECAST: Fair tonight and Sunday. No important change in temperature.

SCHOOL BUNGALOWS

CITIZENS RECOMMEND BOND ELECTION FOR IMMEDIATE NEEDS AT HIGH SCHOOL

At the request of the Board of Trustees of the Glendale Union High School, Judge F. H. Lowe invited about twenty citizens to meet with the Board at the High School Friday afternoon at 4 o'clock to consider the most feasible way of providing the much needed room for pupils at the High School. There were present at this time members of the Board—Hartley Shaw, Daniel Campbell, Mrs. Gardiner and C. O. Pulliam, Dr. A. L. Bryant being absent. The visiting citizens who accepted the invitation were F. H. Lowe, G. B. Woodberry, E. K. Barnes, A. T. Cowan, J. E. Peters, Chas. L. Chandler, A. G. Lindley, Hal Davenport and J. C. Sherer. After considerable discussion the visiting citizens recommended that the Board of Trustees be advised to call a bond election at once for an amount (probably $30,000 to $60,000) for the purpose of providing a sufficient number of bungalow class rooms to answer the present needs of the school, the same to be completed by the opening of school next September. The suggestion as above mentioned excluded any other question as to change of site or future additional bond issues being considered at this election. Mr. Shaw, chairman of the Board of Trustees, expressed his approval of the suggestion made by the citizens and in view of the imperative need of more class rooms for the school the proposed bond election will not meet with any opposition whatever.

TWIN GIRLS

Mr. and Mrs. Harry Wooten, who have made quite a circle of friends in Glendale, are the proud parents of twin daughters born March 25, 1920, at Dr. Thompson's Hospital in Burbank. Each weighed 5½ pounds and both are thriving. One little girl has been named Susie Hannah for her two grandmothers, the other will bear the name of her mother—Mary Eva. Mrs. Wooten is the niece of Mrs. Catherine Shank and she and her husband have been making their home with the Shanks because of the scarcity of houses.

CHAPTER B. A.

An afternoon meeting of Chapter B. A. of the P. E. O. was held at the home of Mrs. M. L. Russell on Riverdale Drive Friday. Fourteen members were present. There was no program, the afternoon being devoted to philanthropic work provided by the Welfare Bureau. At the close of the afternoon delicious refreshments of chocolate and cake were served by the hostess.

DIED FOR HIS COUNTRY

JOHN CURRENT SUCCUMBS TO TUBERCULOSIS CONTRACTED WHILE SERVING IN NAVY

John Current of 231 North Belmont died Thursday at 11 a. m. in a Los Angeles hospital of tuberculosis. He had been there since last October, gradually growing worse. He was unconscious when the end came and for a day preceding it. Funeral services were held yesterday afternoon at 3 o'clock in the L. G. Scovern Undertaking Company parlors, Rev. C. A. Cole officiating. Interment was in Grand View Cemetery.

John Basil Current was born in Goldendale, Wash., September 26, 1894. His parents moved to The Dalles, Oregon, a few years afterward and at the age of 15 he joined the Christian church there. His mother, Mrs. Anna Current, and the other children, moved to Glendale in 1912, but John had previously enlisted in the navy shortly after passing his seventeenth birthday. After a time he was given office work to do, both afloat and ashore, and from the close confinement he contracted throat trouble, which developed into tuberculosis, necessitating his discharge three years ago. He came to his mother in Glendale and was devotedly nursed by her and his grandmother until it became necessary for him to go to the hospital for treatment. John Current gave his life in his country's service just as truly as if he had met death in the shock of battle. He is survived by his mother, Mrs. Current, his grandmother, Mrs. Amanda Hartley; four brothers—Kenneth, James, Ralph and Roland—and one sister, Marjorie.

The teacher had asked her pupils to bear in mind that the affix "tan" indicates "the place of." "Thus," she observed, "we have Afghanistan, the place of the Afghans, also Hindustan, the place of the Hindoos. Can any one give another example?"

None of the pupils appeared eager to do so, until Willie Parks finally volunteered the statement:

"Yes, ma'am, I can. Umbrellastan, the place for umbrellas."—Harper's Magazine.

HIGH ENDURANCE MARK

OVERLAND 4 STOCK CAR ESTABLISHES RECORD AT INDIANAPOLIS

The Glendale Overland Company points with pride to the following account of the recent gruelling test of an Overland 4, driven furiously for 168 hours without a stop:

Driven continuously for seven days and seven nights, over ordinary suburban roadways, an Overland 4 stock car has established at Indianapolis, Ind., a new unofficial world's mileage record for a light car under 168 hours of incessant driving.

The Overland 4 in the seven days and nights of this remarkable endurance run piled up a record of 5,452.15 miles. The car finished the grind on the same Fisk tires with which it started. To make this new record, the drivers of Overland 4 maintained an average speed of 32½ miles an hour, 24 hours a day. Gasoline mileage was 20.24 miles a gallon.

Although the new Overland 4 with Triplex springs had been tested 250,000 miles under all possible weather and road conditions before it was placed on the market by the Willys-Overland Company, the officials of the company feel that the Indianapolis endurance run is one of the most convincing demonstrations yet made of the reliable, economical performance of the car and the road-comfort qualities of the now famous Triplex spring suspension.

Officials of the company witnessed the start and the finish of the seven-continuous-day run. Careful examination of the car and its power plant after the run convinced them that the car was ready to repeat the endurance test of the 168 hours of furious driving and largely because the car had been protected by the new Triplex springs. The run is considered the highest possible verification of the ability of this new spring suspension to protect the car from road wear and provide big car riding comfort in a motor car of short wheel-base.

NASH EXPANSION

INCREASING PRODUCTION MAKES NECESSARY ADDITIONS TO NASH FACTORY

Increasing demand for products of the Nash Motors Company is reflected in substantial additions to the great plant at Kenosha during the past year. It is in this factory that Nash six-cylinder cars and Nash trucks are built, the new plant in Milwaukee, now under construction being planned for the exclusive production of the Nash Four.

In addition to new buildings that have been added to the Kenosha plant in the past twelve months, thousands of dollars worth of additional machinery also has been installed. As a result the factory of the Nash Motors Company is regarded as one of the largest and most thoroughly equipped plants in the automotive industry.

To the visitor at the Nash factory it is plain that the dominating ideal is that of fine mechanical precision—of organized accuracy. No matter where the eye may turn in these shops it finds fresh evidence of the fact that the pressure of expansion, the continually increasing demand for Nash products, is being provided for by the multiplication of mechanical efficiency by the development and installation of marvelous automatic machines made to do many things at one time instead of a few.

An important addition to the factory is found in a building 120x120 which was added to the large foundry. There also has been constructed a foundry warehouse and pattern storage 80 feet by 100 feet. Other new buildings include a new roller bearing tool room and pattern shop, 100 feet by 600 feet and an addition to the sheet metal shop measuring 32x236 feet.

Four courtways that formerly separated long lines of saw-tooth buildings have now been roofed and turned into component parts of the factory. One of these measures 180x16 feet and the others, 90x257, 60x257 and 42x236.

Under construction now are a new boiler room 50x50 feet and an addition to the heat-treating department measuring 40x140 feet.

The construction of all these buildings is thoroughly modern and was carried out without interruption to work in the busy Nash shops.

There are in operation in the Nash factory over 1,500 productive machines and over 300 factory maintenance machines; the plant embraces 1,011,332 square feet of floor space and in the power plant which keeps the machinery in operation, 120 tons of coal are used every 24 hours.

Five thousand men are on the payroll of the Nash Motors Company.

HUDSON SUPER SIX

Hudson for Five Years the Master in Motor and Style

No other fine car is so well regarded by so many people as the Hudson Super-Six. Proof is everywhere about you. Over 85,000 are now in service. For five years it has been the world's largest selling fine car.

Observe how it predominates in every assemblage of fine cars. Every body type is noted for handsome appearance and richly complete detail. All know how its style leadership is acknowledged.

But Hudson's chief appeal must always be in performance.

It holds the world's stock car records for speed, acceleration, hill climbing and endurance. The Super-Six motor, exclusive in Hudson, made these victories possible. It adds 72 per cent more to power and almost doubles efficiency. And, more important to you, it reduces destructive motor vibration almost to nil, thus assuring the reliability and endurance you want in your car.

Hudson production has always been below the demand. To get a Hudson at all this summer you must order now.

BARTON BROS.' GARAGE

MANY IMPROVEMENTS MADE—FACILITIES INCREASED FOR EXPERT REPAIR WORK

Many changes and improvements are being made in Barton Bros.' garage at 212 West Broadway. The work room has been greatly enlarged, the partition having been moved forward. The entire west side of the front room was left clear for the storage of autos and three rooms partitioned off on the east side, the front one for an office, the next one for an oil room, where tanks and cans of the various kinds of oils and greases handled are kept. In the third room is a complete line of accessories of all kinds, as well as tires and tubes.

The firm does a large business in storing cars, for which it has ample facilities, and also does a great amount of auto repair work, maintaining a thoroughly equipped service car, which is rushed to the scene of an accident as soon as a call comes in. No matter how badly a machine is smashed up this service car will bring it in. And calls are answered any time, day or night.

This firm has been in business only a few years but has already built up a very large repair and storage business. There is no job of repairing, no matter how intricate, that its expert workmen hesitate to tackle.

We don't know much about this circus that's coming, but we hope it's the one Pat attended not long ago. "There was wan fellow," he said, "that beat all the rest. Sure, he balances a ladder on his nose, climbs up to the top and pulls the ladder up after him."—Boston Transcript.

A Year's Abuse In 7 Days

All Light Car Road Records Smashed

At Indianapolis recently an Overland 4 stock car was driven 5,452 miles *continuously* in seven days and nights, over frozen country roads.

This is an average of 778 miles per day—more than the distance between Toledo and New York City. This is another tribute to the cushioning effect of *Triplex* Springs and the quality of material in Overland 4.

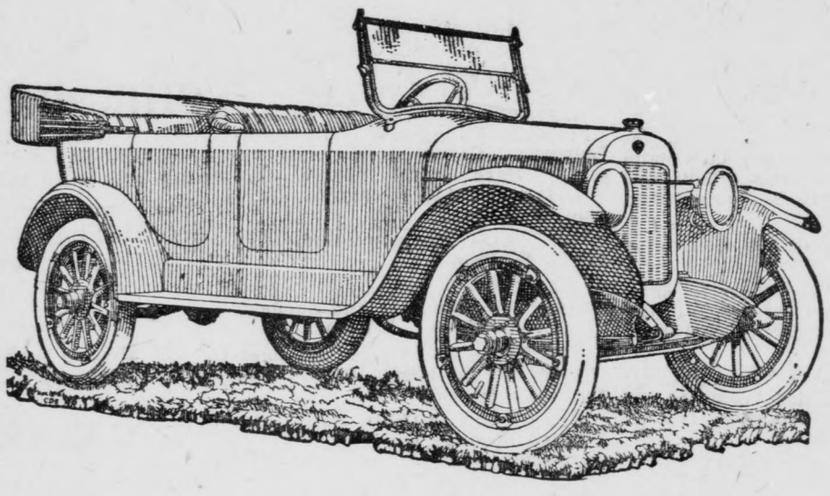
Steels in a Maxwell that Defy Time



THE steels in a Maxwell are as good as the steels in any car built.

For the very mission of a Maxwell is economy of transportation.

One single superfluous pound burdens the car's efficiency.

Therefore it had to be light—but it had to be strong; it had to endure; it had to stand the worst of road shocks.

To make it strong but light in weight meant the very generous use of those rare steels that provide both.

In that way a Maxwell came to be endowed with steels that defy time, defy wear, defy shock, defy the moods of the careless driver.

You will find a Maxwell delivers extended mileage—as long life as any car built, no matter what the price.

And not only long mileage but economic mileage. Because fine steels give little trouble and light weight spins out the mileage on a gallon of gasoline.

Such traits have made friends for the Maxwell in ever growing numbers—nearly 400,000 to date.

Only 100,000 can be built this year. That means 60,000 will have to take another car besides Maxwell—a second-choice car.

TRAFFIC REGULATION

LETTER TO GLENDALE GIRL TELLS OF NEW YORK'S SYSTEM

The following interesting account of the up-to-date system which New York City has adopted for the directing and regulation of street traffic is taken from a letter written by Julian Johnson of the Lamb's Club, New York, to little Tamson Johnson of this city:

"Here's something I think Bobbie will be interested in, whether you are or not: that is, our great new traffic-control system on Fifth Avenue. About half a mile apart are erected steel towers, about 30 feet high. All the towers are controlled by the cenetral tower, at Forty-second Street and Fifth Avenue. On top of each tower are three tremendous searchlights, or rather, extremely powerful lens lights, like the headlamps on a motor, only much larger. These are of three colors: yellow, green and red. When the yellow goes on that means traffic goes up and down the avenue; no cross-street traffic. After a minute and a half of this the red light flashes for a few seconds; that means the signals are about to change, and all vehicles should stop at the next corner; then, on goes the green light, for a minute and a half, and all up and down traffic is stilled throughout the avenue, while vehicles and pedestrians cross the street; then the warning from the red lamp again—and then yellow, and the north-and-south tide pours on as before. The great originality of this—and here is the great traffic jam solution in it—is that all cross-town signals are the same; there is no "go ahead" from a policeman on one block, only to have the stream dammed up by a cross-town signal from another policeman two blocks farther up. This way, the great mass of traffic really moves, and it moves at tremendous speed, believe me, for the policemen also see to it that pedestrians are kept on the sidewalks until the proper signals, according to their different destinations. The person who is clever, and who hasn't seen the system, will immediately ask: 'How do the vehicles on cross streets know when the signals on the avenues go on and off?' That is just where the crossing policemen come in; they are there to pass the signals around the corners. The lights are so powerful that they are just as effective in a day of brilliant sunshine as at night."

tablished beyond a doubt.

A similarity of names and many changes of address makes it difficult to prevent errors in the recording of convictions of which notices are received, it is pointed out, and in order to obviate the risk of some evading the penalties due while others are being made to suffer punishment for violations they have never committed, every driver in the future must have his own card with him or do a little extra suffering.

Instructions have been issued to all Justices of the Peace and Police Judges to include the operator's license number along with the state license number of the machine in the abstract form of the reports submitted to Sacramento.

In Los Angeles the "tightening up" process is going to be even more severe, warns the Auto Club, and violators are going to "get theirs."

BOOST BAIL

INCREASE IN COST OF "SNEAKING" PAST STEET CARS SAYS AUTO CLUB

A general "tightening up" in the enforcement of the Motor Vehicle Act has been ordered throughout the state, according to an official announcement made yesterday by the legal department of the Automobile Club of Southern California.

Bail for motorists who pass halted street cars in Los Angeles, too, will be boosted tomorrow from five to ten dollars, in keeping with the rise in price of many luxuries.

It is a luxury to evade the law, say Los Angeles police judges, and the Auto Club has been asked to announce to the public that it will cost at least five dollars more to "sneak" past a street car standing at a corner than it did last week. The ten dollars will be the minimum for such an offense, and will hold good whether an accident results from the act or not.

The Motor Vehicle Department has issued an ultimatum in regard to the carrying of operator's licenses, which is going to be final. In the future it will cost every driver who has not his license with him an extra five dollars in any police court in the state.

The reason for this is made plain: In the Motor Vehicle Act it is provided that a certain number of convictions, usually three, of certain provisions of the Act, means the revocation of the operator's license, therefore it is essential that the identity of the offender can be es-

LIKES CROW-ELKHART

BUYS ONE AND IS SO PLEASED WITH IT HE DECIDES TO SELL SOME

R. C. Hanson recently bought one of those durable high-running Crow-Elkhart machines of the Stansbury Motor Car Agency. He tried it out on his mail route two days and was mightily pleased with its performance. It ran so smoothly and evenly, surmounting the hills without an effort, and every part of the mechanism moved in rythmic perfection. He was so charmed with the performance of this well-built car that he decided he would like to devote his spare time after coming in off of his mail route to selling a few of them. So he took a selling agency with Mr. Stansbury and is ready to demonstrate to any inquirer the perfection of the Crow-Elkhart.

I was visiting in a little country place and was about to board the train to return when I noticed a dear little girl with tight curls close to her head, and, calling her, I asked: "Where did you get all those pretty curls?" Much annoyed, she answered: "Oh, dey was on me when I tumed."—Chicago Tribune.

A Nash Truck

will meet all your truck needs

Quick and dependable transportation at low cost is the greatest need of the commercial world today. Business is growing more and more dependent upon the motor truck, and the Nash truck was designed and built to furnish users with reliable and economical transportation.

The efficient manufacturing methods of the Nash Motors Company, together with an intelligent marketing policy, made possible the production of a high-grade truck at a remarkably reasonable selling price.

Some well known concerns who operate Nash Trucks are:

Armour & Company
Swift & Company
Morris & Company
Wilson & Company
Standard Oil Co.
(Indiana, Kentucky)
Vacuum Oil Co.
The Texas Company
Illinois Steel Co.
(U. S. Steel Corp.)

Big Business and Nash Trucks

During the past year a number of large users of motor trucks have come to realize the fact that Nash trucks built of excellent materials, embodying good design and workmanship and backed by a thoroughly reliable manufacturer were well worth buying.

Armour & Company's first Nash truck was put in operation a year ago in January. The total cost of repairs up to date on this truck has been 68 cents. Morris & Company's first Nash truck was purchased January 15, 1919, and the satisfaction it has given has been the means of selling Morris & Company five additional trucks.

THE NASH TRUCK IS NOT A CHEAP TRUCK, BUT A GOOD TRUCK AT A REASONABLE PRICE

THOMAS G. WIDMEYRE, Agt.

207 N. Brand Blvd. Glendale 1678

CHAMBERS & FELTS

TO HAVE NEW SHOW ROOMS AND REPAIR SHOPS FOR HUDSON AND ESSEX

Construction of a new building is in progress for Chambers & Felts, Hudson and Essex dealers on South Brand Boulevard, adjoining the Masonic Temple on the north which they expect to occupy about the first of June.

The plans for the building drawn by Mr. Preist show it to be one of the best showrooms in the city and the repair department to be run in connection promises to be the latest in automotive repair shops. The repair shop will contain the latest methods for repairing all makes of cars and will be in charge of Mr. Arthur Milligan, formerly of the Hudson factory at Detroit, Mich. Mr. Milligan spent a number of years in the Hudson factory and when he left to go into business for himself in Utah he held the very important position of car tester. During the war Mr. Milligan was a captain in the army air service and spent a great deal of his time in testing Liberty motors before they were sent to the aviation fields of the country and to France. Messrs. Chambers & Felts both feel that they are extremely fortunate to have secured the services of such a high-grade foreman as Mr. Milligan.

Chambers & Felts are now located in the old Overland showroom at 246 South Brand Boulevard.

GLENDALE, CALIFORNIA, SATURDAY. APRIL 3, 1920.

THE PRESIDENTIAL CANDIDATE SITUATION

It would seem the voters of California are being urged to support either one of two candidates for the presidential nomination, Hoover or Johnson, at the coming primaries. Now the truth of the whole matter is, there is no great enthusiasm in this state for either one of these gentlemen becoming president. Hoover's boom seems to have originated from an organization that worked under him since his appointment as food administrator at the beginning of the war, and then it gets additional momentum from a class that is bitterly opposed to California endorsing Johnson.

There are many people who feel very kindly toward Senator Johnson as a man who has been an able worker for the good of his state while governor and for the good of the nation while Senator, but the weakest point in all of his career is that he does not know that it is for the best interests of the Republican party for him to refuse to be a candidate for the presidency. He, like many other men who do things, has made political enemies and it is impossible for such men to get the united support of the people at the time of an election. Senator Johnson can do more for his country if he remains in a position such as he holds now and forgets about his desire to be at the head of the nation.

As to the candidacy of Mr. Hoover, it is impossible to find many who favor it excepting those who have a political axe to grind. In conversation with the rank and file of the citizens throughout the country there is no expression of enthusiasm for Hoover and there have been very few good reasons given why he should become the leader of the nation at this particular time.

General Leonard Wood, in the eyes of the public, would seem preferrable to either one of the men mentioned above. And when it comes to the consideration of a man who if elected president would give the United States a good business administration Governor Frank O. Lowden of Illinois is the man who should be selected. This campaign is one in which the people should be vitally interested. The people were the ones who won the world war. It was not General Wood nor was it Herbert Hoover. And now what is needed more than anything else is to get away from the dictates of one-idea men whether it be in militarism or conservation of food, and go out and select a man who is broad in the business activities of the world. There are undoubtedly many who would answer these qualifications but of the men whose names have been mentioned we know of no other better fitted to grasp the steering wheel of our nation at the present time than Governor Lowden of Illinois.

ANNOUNCEMENTS
ADVERTISEMENTS

NOTICE FROM ASSESSOR

C. F. Ruggles, deputy county assessor, will be at home, 220 N. Belmont, every evening in the week except Wednesday and Saturday from 5 to 8 p. m. All persons not at home when assessors call or who are missed in any other way should see him at once and have papers made out.

THE SPIRIT OF MEMORIALS

As the spring blossoms into summer, we feel, some of us, the absence of those dear ones who have passed to "the beyond." We miss their kindnesses, their caresses. Ought we not give actual expression to the loving remembrance in which they are held?

We cannot honor our loved ones more, nor perpetuate their memory more effectively than by erecting a monument or marker properly carved, as a lasting tribute to our affection for them.

Easter markers can be had by placing your order at once with Glendale Monument Works, H. J. Reinhard, Proprietor. 1411 S. San Fernando Boulevard, near Forest Lawn. Phone Glendale 1246 or residence, 742-W.

NOTICE

The Madrigal Club, the Glendale woman's choral club, under the direction of Mrs. C. A. Parker, will give its first concert, Thursday, April 8, in the Pearl Keller Studio at 8:15 p. m. Tickets 50 cents. Tickets may be secured from the director, Mrs. George Roach, secretary, or any member of the club.

Howard Bradley and wife of Los Angeles have been staying with his mother, Mrs. Ella Bradley of 523 Oak Street, since the death of his father, the first of the week. They will return home tomorrow.

Mrs. Ella Richardson, her son, Burt, and grandson Billy on Friday motored to Slauson District in Los Angeles to see the beginnings of the big Goodrich plant there. Three of the eleven buildings planned are now under construction and the Glendalians were greatly impressed with them. Mrs. Richardson says the manufacturers intend to use dirigible balloons to transport the tires from factory to ship.

Joshua Ratcliff obtained possession yesterday of the fine property he bought the first of the year of W. J. Button at 207 W. Lexington Drive. This is a 12-room house set in the midst of beautiful grounds and containing every modern convenience. Mr. Ratcliff will not move in until the last of the month as he wishes to make some slight alterations. He and his family are natives of Australia but came here from England, where they had been sojourning for the past five years.

Personals

Mrs. J. F. Hearnshaw and daughter Marie are planning to go East and spend the summer in Chicago.

James McBryde and H. L. Miller left yesterday morning by auto for a business trip to San Luis Obispo. They will return Sunday.

To Mr. and Mrs. Jack Wagnon of 425 North Kenwood Street was born a daughter, April 2, 1920. Mother and child are doing well.

J. G. Huntley with his daughter, Virginia, and a party of her friends, has motored to Bear Valley. They expect to return Sunday.

Fred Burt of 1020 North Central Avenue is spending a few days at home after a long trip with Ollie Logan selling iceless refrigerators.

Mrs. Margaret Sparks, who formerly resided in an apartment on N. Brand, has been ill in a Los Angeles hospital but is much better and was to be brought home yesterday.

Mr. and Mrs. Wilbur Ross of Superior, Wis., after spending the winter with relatives, Mr. and Mrs. C. C. Tucker, of North Kenwood, are returning to their home in the east.

Mrs. Shives Mitchell, who is the house guest of her mother, Mrs. Ella Richardson, was entertained by friends at a luncheon and matinee party in Los Angeles Friday.

Mr. and Mrs. Oliver Clark and Mrs. Brownfield, the aunt of Mrs. Clark, were dinner guests Friday evening of Mr. and Mrs. C. E. Case at their home, 343 North Maryland.

Mrs. George Mitchell, her house guest, Mrs. Mackey, and Mrs. Alexander Mitchell of North Glendale, were guests on Thursday at a luncheon given by Mrs. McFarland of Pasadena.

Mr. and Mrs. Richard Gilbert of 622 South Columbus Avenue have been entertaining for the past fortnight Mr. and Mrs. John Nicolle of Kingston, Ontario. They will leave Monday for San Diego en route for home.

Mrs. Jack West of North Glendale who underwent quite a serious operation recently was imprudent and got up too soon. She had a relapse and was taken to the hospital where she has been quite ill, but is reported as better now.

Miss Carol Duncan and Miss Lucile Sparks chaperoned a party of pupils of the Intermediate School Thursday on a hike to Griffith Park where they climbed Bee Rock. Friday Miss Duncan and her doctor father visited Mount Lowe.

Dr. and Mrs. John Eames moved from Glendale to Hollywood within the past week and have just welcomed to their new home a seven-pound daughter born Friday morning, April 2, 1920. Dr. John Eames is a brother of Dr. E. Leslie Eames.

Mr. and Mrs. M. G. Musser and daughter, Annadell, now of Los Angeles, but formerly living on West Windsor Road were in Glendale Thursday and Friday visiting friends and attending the revival meetings at Central Christian Church.

Mr. and Mrs. W. W. Worley, who have been living at 525 North Kenwood Street and who have been building a home at 341 North Jackson Street, expect to take possession of it next Monday. It is a semi-Colonial and very attractive.

Mrs. Frederick Field and her daughter, Miss Bessie Field, who have been living for a number of years at 209 North Kenwood, this week vacated the property to the new owners. The Fields are now living two doors north.

Miss Ann Etta Mayer, a former resident of Glendale now residing in Los Angeles, gave a pupils' recital Friday afternoon at the Kramer Studio, which was attended by a number of Glendale guests who greatly enjoyed the program.

Rev. Leslie Parker, who is supplying the Christian Church pulpit in Burbank temporarily, though still living in Glendale, brought quite a delegation from his congregation over Thursday night to attend the revival meeting at the Central Christian Church.

Miss Coral Griffith of Valley View Road had the misfortune to sprain her ankle about a week ago by stepping into a gopher hole when alighting from an automobile. On top of that misfortune she contracted a heavy cold and has been confined to her home ever since but is better.

Miss Ida Myers, who recently returned from Tulare County, says the country up there is very beautiful, particularly the wild flowers. Everybody is turning out to enjoy them. In one afternoon trip Miss Myers and her friends counted hundreds of people in the fields and foothills gathering the pretty things.

Arthur C. Brown of 201 Milford Street has returned from the High School Teachers' annual convention which was held this year at Asilomar. At one of the sessions he addressed the convention on vocational education. George U. Moyse, principal of Glendale High, was also in attendance.

For 55 Years

The Provident Life & Trust Co., of Philadelphia, has been selling participating insurance, in the U. S. only, and, I believe, at the lowest net cost of any company. Originally organized to insure Quakers only, a majority of the officers and directors are still members of that splendid class of people—distinguished by their economy, integrity and business acumen.

The company has never striven to be large, desiring quality rather than quantity, and how well it has succeeded in securing the very best risks may be judged by the fact that, for its size and age it has the lowest mortality of all the companies—last year only 51.6 % of the expected.

Would you like to have a contract with such a company? Talk to me about it. More on this line next week.

Benediction
Postlude—"Unfold Ye Portals Everlasting" (Gounod)

Glendale-Hollywood Knights Templar
SPECIAL GUESTS

I. J. Hoover is remodeling his residence at 1232 East California Avenue at a cost of $300.

Mr. and Mrs. John Hyde Braly are attending the convention of the League of the Southwest, now being held in Los Angeles. They report that it is a notable gathering of distinguished men and women interested in developing the resources of the United States but particularly the Southwest. Four governors are in attendance and one of the finest addresses on the program, they say, was made Thursday by Luther G. Brown, brother of Arthur Brown of this city, who dwelt upon the advantages of more thoroughly harnessing the Colorado river.

Wilbur Francy has his garage on the rear of the lot at 321 Ivy completed and he and his wife are moving in today. They have been living with Wilbur's brother-in-law, Geo. Staub, at 324 Hawthorne. They expect to build a residence on the front of the lot in a few months.

Evangelist Clayton C. Root of Van Nuys who is engaged in holding a series of revival meetings in Central Christian Church is spending today and tomorrow at home, but will return for the service tomorrow evening.

John Fanset, Art Dibbern, Alfred Priest, Stanley Frentz, John Roman, Albert D. Pearce, Harry White, F. E. Gilman, James Appfel and Jack Hearnshaw of the local Elks' Lodge went to Santa Monica Thursday to attend the installation of officers of the lodge there.

Actors from the Lew Cody Film Studio on North Verdugo Road were filming air scenes yesterday afternoon on L. C. Brand's landing field, with Ruth Roland as the star. It was here that parts of the great air robbery recently shown at the Palace Grand were filmed. An airplane from Venice was used.

A large and flourishing crop of wild oats is being plowed under on the vacant lots lying north of Nathan Rigdon's holdings between Orange and Central Avenue above Doran. Part of this plowed space will be taken up by the extension of Patterson Avenue when it is put through to Brand Boulevard.

Mrs. T. R. Brown of 213 North Louise has a number of relatives in Elgin, Ill., and was very much concerned lest some of them were killed or injured in the recent awful tornado that cut a narrow swath through that city, Belvidere, Woodstock and Melrose Park, besides killing or injuring hundreds in several other states, but was relieved to learn that none of them were in the path of the storm.

Mr. and Mrs. Warren Roberts of East Elk Avenue are entertaining as house guests Mr. and Mrs. Charles Gutches of Chicago, who have recently come up from San Diego where they have bought property. They lived in that city for a few years and have quite a circle of friends there who have proved an irresistable attraction. They are now on their way home to settle up their affairs in Chicago and will return to this coast in June, making the transcontinental journey by auto.

Mrs. S. C. Packer of Riverdale Drive on Thursday entertained old friends from Menominee, Mich., who are either residents of Southern California or who are here as tourists. Covers were laid for nineteen. Her dining room was beautifully decorated with pink Cherokee roses, but the luncheon was quite informal and was followed by a social afternoon in which guests discussed old times. Mr. and Mrs. Packer left Menominee about fifteen years ago going from there to the State of Washington, from whence they came to Glendale.

Why Some People Do Not Patronize The Glendale Laundry

Because they assume that a Los Angeles laundry will be better than the Glendale Laundry in the proportion that Los Angeles is larger than Glendale. Some people feel that everything in a large city is superior to that in a smaller place. A little thought reveals how ridiculous an idea this is. The Glendale Laundry contains the most modern equipment that can be secured and is conducted on lines as business-like as any large city laundry.

Did you ever visit this laundry?

TACKY PARTY

Mr. and Mrs. F. E. Wilkinson of 132 South Adams Street gave a hard time party for the benefit of the Parent-Teacher Association of the Broadway School Thursday night. Games and dancing were the diversions of the evening with a basket supper which was furnished by the ladies of the crowd, each bringing lunch for two. Partners for the supper were determined by a system of numbers which proved highly amusing. The guests were: Mr. and Mrs. R. Horner, Mrs. Richheart, Mr. and Mrs. W. Kulp and daughters, Mr. and Mrs. B. Cushman, Mr. and Mrs. A. J. Van Wie, Mr. and Mrs. F. A. Marek, Mr. and Mrs. J. Kuehney, Mr. and Mrs. W. Jepsom, Mr. and Mrs. G. Chambers, Mr. and Mrs. Flower and the host and hostess.

PETER DIEDERICH TO BE MARRIED TUESDAY

Peter Deiderich, outside superintendent of the Public Service Department, is to be married next Tuesday at St. John's Episcopal church in Los Angeles, to Miss Teressa A. Adams of that city. After the ceremony they will start on a two weeks' honeymoon trip, going to the Mission Inn, Big Bear Lake, San Diego and other points of interest.

Mrs. Ray Simpson and two daughters, Leola and Alberta, were guests on Wednesday of Mrs. Joseph Griffin of Acacia Avenue.

AUTOMOBILE SECTION

PUBLISHED EVERY SATURDAY

There is an "Exide" Battery for Your Car

and it will give "punch" and "pep" to your starting system. The space saving "Unit Seal" construction gives extra plate surface—hence greater capacity per unit of weight and volume. This means built-in durability and power. Let us show you your "Exide" Battery and explain its special features.

Prolong the life of your Battery

By using reasonable care you can prolong the life of your battery by many months.

We will help you to care for your battery and electrical equipment of your car by inspecting it regularly free of charge.

LET US HELP YOU WITH YOUR BATTERY TROUBLES

Autolectric Service Co.

113 W. Harvard Glendale 1921

BATTERY TROUBLES

(Conducted by A. S. Knox of the Autolectric Service Co.)

Q—The coil on my 1917 Cole "8" burned out and I had a new one put in. Since then my spark seems to cut out at high speed. Perhaps you can suggest the cause?

A—Either the breaker points are too wide apart, or you have a coil designed for a six-cylinder motor instead of an eight.

Q—What causes a green mass to collect on my battery terminals?

R. G.

A—The acid is working up around the terminal post, and is attacking the brass terminal. Clean it with a weak solution of ammonia and water. Better have your battery re-sealed.

ALWAYS ON THE JOB

VELIE AGENT ALWAYS READY TO DEMONSTRATE QUALITIES OF CAR

One of the busiest auto men in Glendale is M. J. McGrew, proprietor of the Broadway Garage, 721 East Broadway. Besides his big repair business and continuous sales of tires and accessories, he sells used cars, rents autos, with or without driver and conducts a selling agency for the well-known Velie car, which with its graceful lines, its perfect motor and easy motion is without a peer in its class. Mr. McGrew knows autos from the ground up and his judgment of a car's merits is to be relied on.

FORGING STEADILY TO THE FRONT

A firm that has made good from the start is that of Lyman & Lund, proprietors of the Glendale Vulcanizing Plant, 141 South Brand. Coming to Glendale less than a year ago they at once bent every energy to building up a business founded on industry and integrity. By devoting all their time and energy to the task and turning out none but reliable work, they have made a place for themselves with the motoring public. It is "satisfaction or no charge" with this firm and that means in work turned out and goods sold. They are making a great success in handling the Barney Oldfield tire and can not say too much in praise of its many good qualities.

Crow-Elkhart Stands Rigid Inspection

The Crow-Elkhart is not afraid to stand rigid inspection alongside of cars of any make.

The Crow-Elkhart embodies many of those features of design and construction that distinguish higher-priced cars.

Material used in Crow-Elkhart is Standard Equipment in many higher priced cars

Statistics compiled by the National Automobile Chamber of Commerce prove conclusively that the materials entering into the construction of the Crow-Elkhart are found as standard equipment on a number of cars listing at $2000 and $2500. By listing the prices of cars using the same high-grade products of national reputation that stand out prominently in the Crow-Elkhart, the total average price figures exactly $2102.91. Compare this with the prices of the Crow-Elkhart.

Touring Car, 4	$1595	Roadster, 6	$1845
Touring Car, 6	1845	Coupe, 4	2250
Roadster, 4	1595	Coupe, 6	2460
		Sedan, 6	$2650

Doesn't this establish beyond doubt the superiority of the Crow-Elkhart car and offer convincing evidence of real automobile value?

After all, the best way to determine the worth of a car is to ride in it and have its distinguishing features explained to you.

MAXWELL MARINE

MAKES EXCEPTIONAL RECORD ON INITIAL TRIP FROM L. A. TO BAKERSFIELD

Uncle Sam never does anything by halves and the United States Marine Service is proud of that fact, says B. G. Sutherland of the local Maxwell Agency. According to Maj. J. C. Fegan, of the Marine Recruiting Station, Los Angeles, when the Marines keep a record of any accomplishment, that record goes into Washington with the most complete detail. From it Uncle Sam can figure just what each man has accomplished, just where he has been, and just what it has cost to make the trip.

As an illustration of the thoroughness with which these records are prepared, a telegram was received last week from Sergeant Harvey A. Kern, who tested the Maxwell Marine No. 2 on its initial trip from Los Angeles to Bakersfield, March 1st. The telegram read: "132 miles Bakersfield trip. Tejon Pass on high gear. Five and one-half gallons gas. No additional oil or water. Signed Kern."

"It is a great satisfaction when the Marines are out on the road in service, to know every day, just where they are and what they have accomplished," said Major Fegan. "When Sergeant Kern sent in that brief report it told me more than the mere words expressed. It told me that he had made one of the really difficult trips of the month, because of the heavy rain that day and because part of the trip was through dense clouds which prevailed above 3000 feet elevation. As Libre Summit and Tejon Pass are over four thousand feet above sea level it undoubtedly meant that Sergeant Kern drove his Maxwell forty miles or more in a fog so dense that he could not see 15 feet ahead of his car. It meant that in addition to 24 miles to the gallon as the economy mileage of the Maxwell, that he had made a safe trip, even under the most adverse conditions."

HER SEX'S FAILING

Delmer usually walked to school with Matie, his little neighbor next door, but nearly always had to wait for her. One morning he was obliged to wait an unusually long time for Matie to get her hair curled, and later he confided to his mother that he was not going to walk to school with her any more. His mother asked him why he had decided to go without waiting for Matie. "Well," he replied, "when I call for her I always find her so unready."

LA FRIVOLETTE CLUB MEETS

La Frivolette Club met Tuesday evening with Mrs. Walcott, 106-A E. Broadway. The time was spent in receiving needlework instruction and in reporting suggestions regarding costumes received by the members during the past week. Sewing for themselves was planned, and also a food sale in the near future, the proceeds to be devoted to charity. Refreshments of coffee, cake, sandwiches and candy were served. Those present were Misses Elizabeth Edmonds, Harriet Cook, June and Lily Hohnholz, Louise Hoyt and Betty Cadd.

ILLINOIS REUNION

The annual Illinois picnic will be held in Sycamore Grove Park, Los Angeles, Saturday, April 10. All former Illinoisans and tourists of that state now in Southern California are invited. Bring a basket lunch.

'TWAS EVER THUS

Mr. Smith, hearing music and singing at his neighbor's house, decided he would drop in and see how they were.

Mr. Jones welcomed him and ushered him into the parlor where his daughter was playing the piano and his son singing. Mr. Smith begged them to continue. They consented.

The first song they selected was "Mother." They sang this very feelingly and then father joined in on the chorus. This was followed by "Mother Machree" and others of like sentiment on songs about mother—how true they were, how dear and how they loved to sing them.

Then, as Mrs. Jones hadn't appeared yet, Mr. Smith inquired about her state of health.

"Oh," said Mr. Jones, "she's well enough. She's in the kitchen doing the dishes, but after she has finished and has taken in the wood she'll join us."—Judge.

FOUR BARRELS OF WINE CAPTURED

Deputy Constable Krause of Lankershim, assisted by Officers Purrier and Riley of Burbank, made a notable capture in the latter city Sunday night. Two men conveying four barrels of wine on a truck to Los Angeles were captured after a threatened gun duel. The wine was a part of a lot of 125 barrels made by an Italian rancher near Lankershim in an effort to relieve the drought. He was to get $125 a barrel for it but instead may get a penitentiary sentence.

HOPE FOR AN UNCHOKED MALE

Rumors that the long choked male is about to throw off his shackles of linen and starch bear out what the professor would call the economic interpretation of fashion. Neither art nor comfort ever availed to free mankind from the stiff line collar, but the last raise in price has set the spark to rebellion. Rather than pay 35 cents for a scrap of linen men are threatening to take up the despised and comfortable soft collar.

For these crusaders we suggest the motto: "What woman hath done, men can do again." Let them look upon the army of women arrayed in unrelieved blue serge and take courage. It is only in the most conservative circles that women today cling to the white collar. Fashion, of course, made the first suggestion, but the battle was won only when the great conscript army of economy took the field.

Not only has the white shirtwaist, greatest thief of a working girl's time and money, been relegated to the ragbag, but even the white organdie frill and the "bit of lace at the throat" have been sacrificed to the cost of living and laundry.

There will be few stenographers to sympathize with masculine wails over collars which cost 35 cents. Women's collars cost 50 cents for the most flimsy and worthless scraps of cheesecloth, and from that minimum soar swiftly to $5, or $25 for a small piece of real linen hand embroidered. If one wanted a collar and vestee, something not elaborate, but a dainty last summer, the cost was $50 or $60 in the best Fifth avenue shops. A millionaire husband or a faithful grandmother at home is essential if one is to be freshly organdied and embroidered each day.

Grading and Concrete Work of All Kinds

Surveying—Subdividing Hydraulic Engineering

A movie stunt was pulled off yesterday in the northeast part of the city, which had all the elements of a tragedy except one. An airplane, flying low, dropped a man from the height of several hundred feet, and the only thing lacking for a real thrill was the fact the "man" was only a cleverly made dummy.

GLASS-BOTTOMED BUCKET

A curious sight at Palermo is to see the fishermen spearing fish by the aid of glass-bottomed buckets. There are many corners of the world where fish are speared, but perhaps the use of the glass-bottomed bucket in this connection is to be seen only at Palermo.

OCCIDENTAL COLLEGE

EDUCATIONAL CONDITIONS AND NEEDS SET FORTH AT CHURCH SUPPER

A kind of family dinner party was enjoyed at the Glendale Presbyterian Church Thursday evening when the various church boards, the officials and their wives came together for a conference in regard to "our college," as Pastor Edmonds phrased it, and to learn of the plans and needs of Occidental College. Covers were laid for between fifty and sixty at tables prettily decorated with flowers, and a very nice dinner was prepared and served by members of the Ladies' Aid with the assistance of some of the young women of the church. Special guests of the evening were: Dr. Ward, who preceded Dr. Edmonds in the pastorate of the Glendale Presbyterian Church; Mrs. Ward, Dr. Wadsworth, Superintendent of Church Extension Board; Dr. Evans, president of Occidental College, and Mrs. Evans, Dr. Donaldson, who has recently come from the East to Occidental; Mrs. Donaldson, Rev. O. P. Rider, pastor of the Tropico Presbyterian Church, and Mrs. Rider, Mrs. Byram and members of her family.

At the conclusion of the dinner an adjournment was taken to the bungalow where the assemblage was called to order by Mr. Edmonds, who greeted the special guests and explained the special interest of the evening. He referred to the $1000 scholarship in Occidental for which the church had subscribed through the efforts of one of its pioneer members, Mr. Byram, to whom he paid an eloquent tribute as a man of vision. Said he: "Those men out here in the sagebrush days had a vision of what it meant to back a Christian college, but today we have become so busy with other things we have neglected the source of supply. As a result men are not going into the Christian ministry and other Christian work in sufficient numbers to meet the need, and I hope out of this conference tonight we shall have the beginning of a new and definite interest on the part of those who represent the official boards of this church."

Dr. Wadsworth, the first speaker called upon, referred to visits he had made to Glendale in past years and to his pleasure in renewing acquaintance with the members of the church, and also to the early struggles of Occidental during the years in which he was connected with it. Said he: "I think it is perhaps a mistake to talk about how little and poor and feeble we were then, for those were glorious days. One great reward for my twelve years of service there has been my meetings with former students as I have gone about the country who almost without exception have proved a credit to their country and the church. A remarkable number of splendid young men and women have gone out from Occidental College to be first class citizens, though not all were ministers or distinctively religious workers."

The speaker pointed out the relationship between the college and the church extension work when he said: "The church needs those students as teachers and helpers especially in the community type of church such as is proposed for the Bethesda Mission where a community house will be built in connection with the manse and church home.

Dr. Donaldson was introduced as a new comer in Occidental from the East. He paid a tribute to California by quoting the saying, "All California goes to college." Said he: "The church has been proud of its schools and it has had a right to be, especially the Presbyterian church. We have not done much in the building of cathedrals. We have asked foreigners to come into little shacks and be as reverent as if they worshiped in a real house consecrated by sacrifice, by beauty, by all that should make the House of God glorious. We have not been as strenuous in the building of colleges as we ought to be. With U. S. C. asking for $5,000,000, Pomona $2,000,000, Mills $2,000,000, we have been asking for only $5,000,000." He quoted Helen Taft's characterization of Brynmawr as a poor college because some of the salaries there paid were as low as $3000, whereas only one member of the Occidental faculty receives that much; yet, said he, the college has reason to be proud of the work it has been able to do. He referred to Edward Bok's declaration that 80 per cent of the men who have distinguished themselves were graduated from colleges but little known. Said he: "We are not trying to build a big institution. We are paying more attention to building up the lives and hearts of men and women." He showed how dependent is the country upon the small Christian colleges because they turn out men and women superior in scholarship, in purpose and in idealism. To enforce this declaration he enumerated the great state universities that have called to their presidencies men from small and oft-times obscure Christian colleges. The list included the state universities of Michigan, Minnesota, Nebraska, Iowa, Ohio and California.

"You are not lessening the opportunities or outlook for usefulness of your child by sending him or her to one of these Christian institutions." Speaking of war sacrifices, he said:

"We were ready to strip ourselves of the necessities of life for the boys who went from our communities to stand for the ideals of freedom, but now that they have come home again, we are forgetting. Boys stripped of their opportunities have been left stark naked so far as an education is concerned when they have come home to peace. Let me challange you to meet them as they face the greater tasks of peace and meet them with the same generosity you showed in war."

Dr. Evans, the third speaker, dwelt on the relationship between the church and the college and upon the needs of Occidental, saying: "It is a Presbyterian college and we want to cultivate a sense of proprietorship in the college among Presbyterians. It is not our whole aim to create Christian ministers and missionaries but to permeate the scholarship of each boy and girl with a sense of Christian responsibility and obligation to service. The Christian college has no right to existence and to claim the support of the people unless that motive is primary in its whole program.

He called attention to the dearth of ministers among college graduates saying that last year thirty-seven Presbyterian colleges turned out but thirty-six candidates for the gospel ministry, and that at Occidental twenty per cent of its graduates enter the ministry and there are many volunteers for mission work. "Suppose," said he, "we get all the money we need for our New Era Movement, where will we get our leadership? It must come from the Christian colleges. At Occidental we need imperatively a girls' dormitory and a boys' dormitory. We have now about 440 students or about one hundred more than in normal years. We do not want to be a big college, but at the same time a college is most efficient when it has between 500 and 700 students and we should be able to take care of that number. He spoke of the impossibility of handling a college of more than one thousand students saying that England had discovered this fact and her great university at Oxford is an aggregation of twenty colleges. Occidental's equipment he pronounced entirely inadequate for 500 to 700 students and declared that $1,000,000 is needed to make proper provision. He spoke of the shortage of teachers, which is closing thousands of school rooms, and said it is less of a problem to raise a fund of $5,000,000 than it is to get qualified Christian college instructors for $2000 per year. "When Christianity and education are divorced," said he, "religion becomes superstitious and education is secularized. War has taught us the effect of a bad education. Boys are going to college everywhere, in America, England, France, and that is to be the redemption of this world."

ENDORSE JEWISH RELIEF

At a specially called meeting of the Glendale Ministerial Association Thursday morning a resolution was offered and unanimously passed endorsing the Jewish Relief Campaign now on for the securing of funds to relieve the suffering and starvation condition of millions of Jews in the war-stricken districts of Poland, Eastern and Central Europe. The citizens of Glendale also are asked to co-operate in the canvass that is now going on to the extent of their ability, as this is THE time to get even with the Jewish people of America for the most generous way they supported the Red Cross, the Y. M. and Y. W. C. A.'s, the Armenians, and all the Liberty drives to the amount of millions of dollars; for their loyal patriotism during the war to the sending of 200,000 of their boys to the front, and not one that was drafted or volunteered became a "slacker;" for the sons they also mourn that fell in the cause of humanity in France and Flanders and to show the Jewish people that we esteem them highly as fellow American citizens, and they are worthy of every dollar given to help them in this time of their greatest calamity in all history.

ENDORSE SUNRISE SERVICE

At a special meeting of the Glendale Ministerial Association Thursday morning the matter of the early Easter Sunrise service on the hill at the north end of Louise Street was discussed. To make it a Glendale affair, that the community may get back of it and give it their endorsement and support, it was considered wise to head the matter up and pass the following resolution:

"Resolved, That the Glendale Ministerial Association endorse the growing custom of holding an early Easter Sunrise service in the place selected by Young Peoples' Societies of the Glendale District, preferably on the hill at the north end of Louise Street."

That this matter may have the entire community of Glendale back of it for co-operation and support, the Association assumes the authority to invite all the Young Peoples' Societies of Glendale, regardless of church affiliations and church people and non-church people, to take part in the services, on Easter morning at 5:45 and asks all to bring their "Billy Sunday" song books along.

THE NEW BIRTH

EVANGELIST C. E. ROOT DISCUSSES THIS MUCH MISUNDERSTOOD QUESTION

Basing his argument upon Scriptural authority Evangelist Root presented his sermon on "The New Birth" Thursday at the Christian Church to a large and appreciative audience. The necessity of a new birth was made plain by reference to the conversation of Jesus with Nicodemus, a Jewish leader, in which he declared one could not see the Kingdom of God without being born again. Other proofs were also used.

The speaker declared the statement "born of water and the Spirit" does not refer to two births, but one, as in other forms of life. The begetting by the Spirit through the Word, regeneration, is not the birth, as generation is not the birth of the physical. Faith in Christ, produced through the preaching of the Word which is the sword of the Spirit begets spiritual life. The Spirit does not work independently of the Word in conversions since the "Word is the seed" as Christ stated in his parable of the Kingdom.

Water is the element appointed by the Spirit through which the birth of the regenerated soul is accomplished and refers to the obedience of the believing person in the ordinance of Christian baptism. Many scriptural proofs were used to back up this argument.

A delegation of members of the Burbank Christian Church was present Thursday night as well as visiting members from Los Angeles and San Bernardino. It was unanimously decided to continue the meetings at least next week.

COMMANDERY DINNER

(Continued from Page 1)

men were entertained by the ladies with a spontaneous representation of a Grand Commandery meeting at which Past Grand Commander, Judge Bledsoe, personated by Mrs. J. H. Braly, heard the reports of the grievance committee. The ladies appeared in full regalia (?), of which their plumed hats of various sizes and shapes were a conspicuous feature. Some of the plumes were black, some green, and some purple, some were frayed by long wear, but they unmistakably suggested the knightly headgear they were supposed to represent. One of these surprising bits of millinery had pink ostrich tips curling over the left eyebrow of the wearer, another was a cadet's cap with chin strap attached which struck the wearer just below the tip of the nose. Each participant in the session had her badge of office, the uses of which she had to demonstrate whenever called upon by the presiding officer. Mrs. Campbell presented the report of the grievance committee written upon a blue parchment a yard or more long, and the business of the session was punctuated by many calls for "three times three." The knights could hardly be persuaded that it had not been rehearsed, but testified their enjoyment of the spectacle in many ways.

A MOTHER SONG BY STRACCIARI

A Duet by the Ponselle Sisters and Seagle's Negro Love Melody

"Dear Little Boy of Mine," is a mother song sung for Columbia Records this month by Riccardo Stracciari, the great Italian baritone. It portrays the pangs of separation from a son, and Stracciari sings it with deep feeling. His own boy was in the war and is now at Vladivostok with the Italian army.

The first duet sung by the Ponselle Sisters—Rosa and Carmela—for Columbia Records is the beautiful "Barcarole" from the Tales of Hoffman. It was Carmela's rich mezzo-soprano which first attracted attention to their singing, and it blends beautifully with the now famous Rosa's pure dramatic soprano. Carmela may possibly follow her sister to the stage of the Metropolitan Opera House, New York.

Oscar Seagle sings "Mah Lindy Lou," a rich, resonant, negro love melody well suited to his baritone voice. As a boy he used to tramp the mountains of Tennessee with his father, who was a lay-preacher, and lead the singing at his father's meetings among the Southern negroes.

CAN ALWAYS RELY ON GRANDMA

Oliver was in the habit of going to his grandma for favors, and was never disappointed. While playing with the other boys of the neighborhood their football came apart, and they thought they could sew it together if they only had a piece of shoestring. Oliver came to the rescue. "Let's go and ask grandma for a shoestring," he suggested. "You can get about anything you ask for over at grandma's."

CERTIFICATE OF CO-PARTNERSHIP TRANSACTING BUSINESS UNDER FICTITIOUS NAME

WE, the Undersigned, do hereby certify that we are co-partners transacting a general furniture manufacturing business, of general household furniture, including bed-room sets, dining room sets, kitchen sets, tables, chairs, etc., under the name of THE RUSSELL FURNITURE MANUFACTURING COMPANY; that the principal place of business of said co-partnership is at 1521-A S. Glendale, California.

Few Women would do without an Electric Iron

Yet some of these same women, knowing the value of electrical appliances as labor and time-saving devices go on week after week doing the sweeping by the old-fashioned method of stirring up the dust with a broom; they do the weekly laundry work by bending over a wash-board or turning the crank of the washer by hand. They go about their household tasks just as their grandmothers did, when they might avail themselves of the opportunity of saving their strength and having more time to devote to self-improvement and recreation by using electricity.

See our complete line of appliances and talk it over with us.

CORRECTING THE JUDGE

Mrs. Maloney was before the judge, charged with assault on Policeman Casey. She had been unusually attentive throughout the proceedings, and now the judge was summing up the evidence.

"The evidence shows, Mrs. Maloney," he began, "that you threw a stone at Policeman Casey."

"It shows more than that, yer Honor," interrupted Mrs. Maloney; "it shows that Oi hit him."

UNDER THE ROSE

MISS DOROTHY HOBBS ANNOUNCES HER ENGAGEMENT AT PRETTY FUNCTION

Hastened by the fact that one of her intimate friends is leaving Glendale, Miss Dorothy Hobbs entertained Thursday evening a group of ladies with whom her social relations have been intimate and made it an occasion to formally announce her engagement to Wayne Smith, to whom she is to be married June first.

Miss Hobbs' cleverness as a designer of artistic novelties has long been the admiration of her friends and at this happy gathering they had a wonderful demonstration of her talents in the appointments of the refreshment table. It was centered with a cut glass bowl filled with a charming variety of spring flowers surrounding the figure of a good fairy dispatching a flock of blue birds carrying a message of happiness. Refreshments were served on rose colored plates strewn with rose petals, the ice cream containers being rose cups in varied colors to which were attached figurines in Colonial garb carrying folded handkerchiefs in their tiny pockets which hid the announcement slip. For favors were provided old-fashioned boutonnieres of spring blossoms encased in lace paper frills, and all of these pretty things including the hand-painted place cards were the personal work of the hostess. Because the party fell upon April first, part of the guests were bidden to the home of Mrs. Noble Ripley, sister of the hostess, and upon arriving there found it placarded with the notice, "April Fool. Go to the Hobbses."

No program was provided and none was needed, as the young women who were there were school mates for the most part and so intimately acquainted that they had plenty of resources for entertainment. Needlework filled the intervals between spontaneous music and social chat, impromptu games, etc. The list of invited guests included: Miss Alice Gray Beach, Mesdames Sidney Simon, J. T. Beach, Seymour Smith, Andrew Keller, D. H. Smith, John Hobbs, Noble Ripley and Misses Lila and Leola Webster, Mary Logan, Esther Schremp, Ernestine and Cecilia Lyon, Irene Mauk, Gladys Justema, Lila Shea, Alberta Heisler, Amy Miller, Essie Hamilton, Kathleen Dodge of San Diego, Carol Willisford and Blanche Davenport.

PHILATHEA CLASS BANQUET

The Philathea Class of the Glendale Presbyterian Church entertained Friday evening with a banquet and social time at the church parlors. The young men of the church and congregation were especially invited and at 6:30 over one hundred young people assembled at the church ready for an evening of "eats, fun and fellowship." Before entering the banquet room each one was asked to draw a slip of paper on which was written a part of a Scripture verse and by matching these the young people were to find their partners for the supper. The banquet room was beautifully decorated with vines and flowers and the tables laden with good things to eat were beautiful in their Easter decorations. At the close of the supper the class announced that they had organized about four months ago with a membership of 15, setting their goal at 50, but before leaving the banquet room last evening the class accepted a challenge from the Men's Class to enter a race with one hundred members as the goal. The girls "insist" that they will win the race, at the close of which the loser will furnish the winners with a banquet. After all had partaken of the good things to eat, prepared by the ladies of the class, the tables were cleared and a most enjoyable evening spent in games, which were exceptionally original and entertaining. The young people heartily agreed last evening that this was one of the best times ever enjoyed at the church and along with the splendid time of fellowship together much good was undoubtedly accomplished.

A speaker at a recent Interchurch meeting was telling the audience about conditions in Cuba.

"Do you know what American brewers are doing?" he demanded. "They are shipping all the liquor they can to Havana. Why, within the past few weeks they have chartered so much cargo space that it would fill the entire Woolworth Building from the lowest sub-basement to the twentieth floor."

The speaker gave the audience time to gasp at the wickedness of the brewer, then he went on:

"Yet Cuba has a great future. Only recently eighty-eight thousand Americans have asked for passports to Havana."

And then he wondered why the audience interrupted by shouts of laughter.—World Outlook.

INVESTMENT POSSIBILITIES

"Do you know what the 'law of marginal utility' means?" was the reply we received from Owen C. Emery, who has opened a Stock and Bond house in Glendale, when we asked him concerning investments one day this week.

We admitted we were not sure what the law was.

"In simple language, just this: If you have only one dollar it is worth more to you than one dollar is worth to the man who has a million of them. If people could only see it this law applies to investments just the same as to expenditures.

"You might think—if you did not know human nature—that a man with only a little money would be especially careful to avoid losing that little. A great majority feel, however, that six per cent on the little they have to invest is so small that a microscope couldn't find it. Or, they feel that what they have is too small to do them any good, hence they will take a chance in something that may double their money. The most favorite chance is Oil or Mining.

"Did you ever find a man who was so kind as to double your money and ask nothing in return? The most even chance of doubling your money is matching pennies, and even then the time is a pretty big incidental expense.

"One of the leading Wall Street magazines, after a thorough investigation and compilation, reports that only one out of every 800 oil promotions has been a consistent success.

"A man's first savings are worth more to him in 'marginal utility' than later ones, for they teach him the will power to save. So don't gamble with your first savings, no matter how small. Nurse them. Invest them with a keen eye to safety first.

"There is a better opportunity today for the small investor to obtain a good income in safe bonds and preferred stocks than at any time since the Civil War.

"Drop in again some time and I'll tell you how a mechanic is now worth $5000 just from investments of small savings."

A HAPPY VACATION WEEK

Miss Winifred Jones, who is a student at Redlands University, has been at home for the Easter vacation and has put in a strenuous week of social activity. Sunday evening two young men of the University Glee Club, which is making its spring tour, were entertained at the Jones home on South Brand Boulevard. The day following Miss Nita Kilby, the room-mate of Miss Jones, arrived to be her guest and Tuesday evening Mr. and Mrs. Mattison B. Jones entertained the two girls at dinner at the University Club afterwards taking them to the Orpheum for the evening. Wednesday afternoon a theatre party which included the two girls and also Miss Mary Briggs and cousin of Long Beach was taken to the Mission Play by Mrs. Jones, who is very enthusiastic over recent improvements in the setting, songs, etc., of the play. The same evening another dinner was enjoyed at the University Club and a play in the evening. Thursday morning Miss Kilby returned to her home and Miss Jones was an honor guest at a tea given by Miss Lois Finnegan of Los Angeles, a former Marlborough chum. Friday afternoon she played golf at the Los Angeles Country Club. It has been a delightful week for the young lady who will be called upon to buckle down to work next week and forget such social gaieties.

D. A. R. MEETING

About forty ladies, members of the Richard Gridley Chapter of the D. A. R., met at the home of the regent, Mrs. John Hyde Braly, Thursday afternoon and enjoyed an illustrated lecture by Prof. Edward L. Larkin, who showed very beautiful slides of Egyptian scenes with descriptive comments and explanations, also pictures taken on Mount Lowe. The Braly home was beautifully decorated with masses of sweet peas and the lovely Brodea lily sent to the hostess by her daughter in Santa Barbara.

Following the lecture refreshments were served and a very pleasant social half-hour was enjoyed.

Sunday Services at the Churches

FIRST METHODIST EPISCOPAL CHURCH

Corner Kenwood and Wilson. Rev. Clyde Monroe Crist, D. D., Pastor. Sunday School (Easter program in Auditorium) 9:45. Classes will meet as usual for records, etc., at 9:30. Prof. A. W. Tower, Superintendent. A great Easter occasion at 11 a. m. Baptism of infants and small children. Reception of a large number into Church Membership. (A climax of the Centenary Movement). The Pastor's sermon will be on "Seven Proofs of the Resurrection." Incidentally a convincing argument for the Sunday Sabbath will be presented. Epworth League and Intermediate league at 6:30. Brotherhood Round Table at 7. At 7:30 the Oratorio, "The Holy City" (A. R. Gaul) will be presented by the great vested chorus under the direction of Miss Isgrig Mrs. H. W. Randall at the organ. Morning Easter Music: Anthem, "Christ is Risen" (Birch); Quartet, "They Have Taken Away My Lord" (Stainer), Miss Lusby, Mrs. Mac Gregor, Mr. Kuehne, Mr. Miller; Solo, "Light" (Scott), Miss Isgrig; Evening, Oratorio, "The Holy City" (Gaul). As is known to most people this production, with the exception of two hymns, a verse from Milton, and three verses from Te Deum is entirely from the Scriptures. The acousticon is installed for the convenience of any needing it. Ask the usher to direct you. Come to a "Church that Seems Like Home."

CONGREGATIONAL CHURCH

Church located at Central and Wilson avenues. Dr. E. H. Willisford, Minister. The Easter spirit and thought will characterize all services. 11 a. m.: Reception of members and Communion service; Musical numbers: "Hail, Day of Victory," soprano obligato, bass solo and choir; "The Last Supper," tenor solo, Mr. Franklin; "The Crucifixion," choir; "Night Within the Garden," contralto solo, Mrs. Shaw; "The Women at the Sepulcher," choir; "Now is Christ Risen," choir; "I Know that My Redeemer Liveth," soprano solo, Mrs. Chappell; "Lift Up Your Heads," bass solo, Mr. Abell; "The King of Glory," choir. 7:30 p. m.: Sermon theme, "The Risen Life"; Special Easter music. The Sunday School assembles at 9:45 a. m. Young People's Meeting at 6:30 p. m. The music of the day will be under the direction of A. R. Chappell. Mrs. L. P. Abell will be at the piano.

FIRST BAPTIST CHURCH

Ernest E. Ford, Pastor. Special Easter Services at the Baptist church, morning and evening. Easter exercises by the Sunday School at the close of their session. The beautiful symbol of Death and Resurrection will be exemplified in Believers' Baptism, at the opening of the morning church service. Special musical numbers will be given by the choir, with a solo by Mrs. Vera McKee Neighbors. The pastor will retell the story of the Greatest Victory of the World. At the Young People's Meeting at 6:30 there will be special music, and topics concerning Easter considered. Special music at the evening services by the Church Orchestra; chorus numbers, and solo by Dr. Albert Marple. The pastor will speak on "The Answer to Man's Greatest Question." The Lord's Supper will be observed at the close of the morning service, at which time the "Hand of Fellowship" will be extended to many new members.

CATHOLIC CHURCH

Mass at 8 and 10:30. Sunday School at 9 a. m. Sermon in English at 10:30 service. Doors open for all.
REV. JAMES S. O'NEILL,
Pastor.

EASTER SUNRISE SERVICE

Song service; saxophone duet; duet, Elizabeth Mottern, Margaret Dick; Dr. John C. Hill., U. S. C.; Clarence Sprague, C. E. field secretary. You need this spiritual blessing. 6:30 a. m. Hill Top, N. Louise.

ST. MARK'S EPISCOPAL CHURCH

Corner Louise and Harvard street. Easter Sunday: 8 a. m. Early celebration of the Holy Communion. 11 a. m. Sermon by the Rev. Dr. Cornell and second celebration of the Holy Communion. The vested choir will render the Easter music. Processional hymn, "Come Ye Faithful"; "Kyrie" (Tours); Anthem, "Come See the Place Where Jesus Lay"; Hymn, "Jesus Lives, Alleluia"; Offertory Anthem, "God Hath Appointed a Day" (Tours); Introit; Sanctus; Agnes Dei (Gounod); Communion Anthem (Stainer); Recessional Hymn, "Christ is Risen." Soloists: Mrs. Mabel Capell, soprano; Mr. D. Ripley Jackson, tenor. The offerings on Easter Sunday will be devoted to the reduction of the church building debt. A cordial invitation is extended to all.

CHRISTIAN CHURCH

A reverent and appropriate observance of Easter will be held. Decision Day in the Bible School will be observed. The pastor will preach an Easter sermon at the morning communion and worship. At night, Evangelist Root will preach on "The Resurrection, the Supreme Proof of the Deity of Jesus Christ." Music for the morning service will be as follows: Processional, "Christ the Lord is Risen Today" (Worgan); Quartette, "O, Light; O, Love; O, Spirit" (Pinsuti); Chorus, "Our Saviour Lives Again" (Schoebel); Solo, Mrs. Floyd Mercer, "I Know That My Redeemer Liveth" (Handel). At night the choir will sing, "Our Saviour Lives" (William), and a ladies' trio, "Angelus" (Wallace). The evangelistic services will continue during next week with Evangelist Root in charge.

PRESBYTERIAN CHURCH

Broadway and Cedar. Rev. W. E. Edmonds, Minister. Morning service 11 o'clock Knights Templar will be invited guests Easter morning. Subject of sermon, "The Greatest Question of the Ages." Special Easter music by the choir and Miss Gervais Linkova, violinist. Evening service, 7:30; sermon topic, "Jonah, a Type of the Resurrection." The pastor will preach both morning and evening. The public cordially invited. Sunday school, 9:30 a. m. Christian Endeavor, 3, 6, 6:15 p. m. Prayer meeting Wednesday evening, 7:30. Everybody welcome.

Musical Program: Morning—Voluntary, "To Spring" (Grieg), Miss Helen Rice; Quartette, "The Shout of Victory" (Ashford); Soprano Solo, "Hosannah in Excelsis", Mrs. C. L. Peckham; Baritone Solo, "He is the King of Glory" (Lynes), Mr. Clifford Riggs; Organ Solo, "I Know That My Redeemer Liveth" (Handel),; Violin Solo, "Hymne, A Sainte Cecile" (Gounod), Miss Gervais Linkova; Quartette, "Halleluiah, Christ is Risen" (Simper); Contralto Solo, "Hosannah" (Granier), Mrs. Fannie Marple Retts; Postlude, "Unfold Ye Portals Everlasting" (Gounod).

Evening: Voluntary, "Oh, The Lilting Springtime" (Stebbins), Miss Helen Rice; Quartette, "The King Victorious" (Hine); Offertory, "An April Song" (Brewer); Duett, "The Glory Song" (Gabriel), Anna May Galloway and Allen McDaniel; Quartette, "Christ is Risen" (Lorenz); Contralto Solo, "The Resurrection," Mrs. Fannie Marple Retts; Postlude "Alleliua" in E flat (Loret).

CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist, corner Maryland and California avenues. Services Sunday at 11 a. m. The lesson sermon is from the Christian Science Quarterly Bible Lessons. Subject, Sunday, April 4, "Unreality." Sunday school at 9:30 a. m. Wednesday evening testimony meeting at 8. Reading room, 135 S. Brand Blvd., open daily except Sunday and holidays from 12 to 5 p. m. Also every Tuesday, Thursday and Saturday evening from 7 until 9.

NEW THOUGHT CENTER

Masonic Temple, Sunday, April 4. Lecture by Dr. Frank Riley. Subject, "The Inner Significance of Easter," at 11 o'clock. Sunday School, 9:45. All welcome.

Advertise it, or advertise for it in the Evening News.

NATIONAL DEFENSE

It is an astonishing fact that in the 16 months that have gone by since the signing of the armistice, Congress has done practically nothing for the army and navy, has not even formulated a policy. No provision of any sort has been made for a peacetime army, though the house yesterday passed an army bill. Almost worse than that is the failure to consider the question of army and navy pay. As a result both forces are being disorganized through the resignation of officers, which, in the navy, amounts to a score a week. In the army, because of lack of money, the new activities in connection with aviation, gas and flame, and tanks have necessarily been abandoned. There is not a first-class country in the world that does not now lead us in aviation.

Congress has not shown the slightest interest in the welfare of the personnel of either the army or the navy, but on the contrary has slashed appropriations in the most reckless way. There is not believed to be any hope for the policy of universal training. Money has so far been refused to continue a building program that would make the navy an effective first line of defense. And Secretary Daniels is finding it very difficult to impress upon the house the importance of making adequate provision. "The drift backward," it was said in a recent dispatch to The News, "is so swift as actually to alarm many of men of influence who believe they have some conception of world conditions today."

There is another "drift backward," and that is to the state of mind that existed before the war. Again we are proposing, apparently to trust to luck, and to act on the theory that there never will be another war. We refuse to embrace the opportunity to reduce armaments with safety, and decide to go it alone, and then fail to make provision for the emergency resulting from that refusal. If we can not increase our armed forces we should at least see that those which we have are not allowed to deteriorate.—Long Beach Telegram.
